WHO WE ARE

OUR AMBITION

It's simple, at DraftKings, we believe life's fun when you're in on the action. For that reason, we're committed to responsibly creating the world's favorite games and betting experiences. It's our ultimate vision to build the best, most trusted, and most customer-centric destination for fans; to develop the most innovative and entertaining real money products and offers; to forever transform the manner in which people experience sports; and to be a fully vertically integrated sports betting operator. Together let's compete, bond, and innovate.

OUR STORY

It all started with a deep love for fantasy sports.

Jason Robins, Paul Liberman, and Matt Kalish thought season-long fantasy was great. But daily fantasy could be better. They were friends and coworkers. Soon they'd be cofounders.

Within a few years, DraftKings, the company they'd launch from a spare bedroom in Paul's Watertown, Massachusetts apartment, was an internationally known brand on its way to forever revolutionizing how fans engaged with sports.

Since the daily fantasy sports platform launched in 2012, DraftKings has grown, and grown fast. Now it offers an immersive sports entertainment experience.

In April 2020 DraftKings began trading on the Nasdaq Stock Exchange under the ticker symbol "DKNG" when it closed its business combination with the publicly traded special acquisition company Diamond Eagle Acquisition Company and SBTech, an international turnkey provider of cutting-edge sports betting and gaming technologies. The combined company became the only vertically

immersive sports entertainment experience. In April 2020, DraftKings began trading on the New York Stock Exchange under the ticker symbol "DKNG" when it closed its business combination with the publicly traded special acquisition company Diamond Eagle Acquisition Company and SBTech, an international turnkey provider of cutting-edge sports betting and gaming technologies. The combined company became the only vertically integrated pure-play sports betting and online gaming company based in the United States with a focus on the American sports fan.

INVESTOR PRESENTATION

JANUARY 2020

This investor presentation ("Investor Presentation") is for informational purposes and does not constitute an offer to sell, a solicitation of an offer to buy, or a recommendation to purchase any equity, debt or other financial instruments of DraftKings Inc. ("DraftKings", "DK" or "the Company"), Diamond Eagle Acquisition Corp. ("DEAC") or SBTech (Global) Limited ("SBT" or "SBTech") or any of their affiliates. The Investor Presentation has been prepared to assist investors in making their own evaluation with respect to the proposed business combination, as contemplated in the definitive Business Combination Agreement entered into by and among DEAC, DraftKings, SBT, DEAC NV Merger Corp., DEAC Merger Sub, the shareholders of SBT party thereto and their representative and for no other purpose. It is not intended to form the basis of any investment decision or any other decision in respect of the business combination. The information contained herein does not purport to be all-inclusive. The data contained herein is derived from various internal and external sources. No representation is made as to the reasonableness of the assumptions made within or the accuracy or completeness of any projections or modeling or any other information contained herein. Any data on past performance or modeling contained herein is not an indication as to future performance. DEAC, DraftKings and SBT assume no obligation to update any information in this Investor Presentation, except as required by law.

Important Information About the Business Combination and Where to Find It

In connection with the proposed business combination, DEAC NV Merger Corp., a subsidiary of DEAC and the going-forward public company to be renamed DraftKings Inc. at closing ("New DraftKings" or "New DK"), has filed a registration statement on Form S-4 (the "Registration Statement") with the U.S. Securities and Exchange Commission (the "SEC"), which includes a proxy statement/prospectus, and certain other related documents, to be used at the meeting of DEAC stockholders to approve the proposed business combination. This material is not a substitute for the definitive proxy statement/prospectus regarding the proposed business combination. Investors and security holders of DEAC are urged to read the proxy statement/prospectus, any amendments thereto and other relevant documents that are filed with the SEC carefully and in their entirety because they contain important information about DraftKings, SBT, DEAC and the proposed business combination. The definitive proxy statement will be mailed to stockholders of DEAC as of a record date to be established for voting on the proposed business combination. Investors and security holders are able to obtain copies of the Registration Statement and other documents containing important information about each of the companies once such documents are filed with the SEC, without charge, at the SEC's web site at www.sec.gov, or by directing a request to: Diamond Eagle Acquisition Corp., 2121 Avenue of the Stars, Suite 2300, Los Angeles, California, Attention: Eli Baker, President, Chief Financial Officer and Secretary, (310) 209-7280.

Participants in the Solicitation

DEAC and its directors and executive officers may be deemed participants in the solicitation of proxies from DEAC's stockholders with respect to the proposed business combination. A list of the names of those directors and executive officers and a description of their interests in DEAC is contained in the final prospectus for DEAC's initial public offering, which was filed with the SEC on May 14, 2019, and is available free of charge at the SEC's web site at www.sec.gov, or by directing a request to Diamond Eagle Acquisition Corp., 2121 Avenue of the Stars, Suite 2300, Los Angeles, California, Attention: Eli Baker, President, Chief Financial Officer and Secretary, (310) 209-7280. Additional information regarding the interests of such participants will be set forth in the Registration Statement for the proposed business combination when available.

Each of DraftKings and SBT and its directors and executive officers may also be deemed to be participants in the solicitation of proxies from the stockholders of DEAC in connection with the proposed business combination.

No Offer or Solicitation

This Investor Presentation does not constitute a solicitation of a proxy, consent or authorization with respect to any securities or in respect of the business combination. This Investor Presentation also does not constitute an offer to sell or the solicitation of an offer to buy securities, nor will there be any sale of securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. No offering of securities will be made except by means of a prospectus meeting the requirements of Securities Act of 1933, as amended, or an exemption therefrom.

Industry and Market Data

This presentation includes information and statistics regarding market participants in the sectors in which DraftKings and SBT compete and other industry data which was obtained from third-party sources, including reports by market research firms and company filings.

Trademarks

This presentation may contain trademarks, service marks, trade names and copyrights of other companies, which are the property of their respective owners. Solely for convenience, some of the trademarks, service marks, trade names and copyrights referred to in this presentation may be listed without the TM, SM © or ® symbols, but DEAC, DraftKings, and SBT will assert, to the fullest extent under applicable law, the rights of the applicable owners, if any, to these trademarks, service marks, trade names and copyrights.

Use of Non-GAAP Financial Matters

This presentation includes non-GAAP financial measures, including EBITDA. DEAC, DraftKings and SBT believe that these non-GAAP measures are useful to investors for two principal reasons. First, they believe these measures may assist investors in comparing performance over various reporting periods on a consistent basis by removing from operating results the impact of items that do not reflect core operating performance. Second, these measures are used by DraftKings' and SBT's management to assess its performance and may (subject to the limitations described below) enable investors to compare the performance of the combined company to its competition. DEAC, DraftKings and SBT believe that the use of these non-GAAP financial measures provides an additional tool for investors to use in evaluating ongoing operating results and trends. These non-GAAP measures should not be considered in isolation from, or as an alternative to, financial measures determined in accordance with GAAP. Other companies may calculate these non-GAAP financial measures differently, and therefore such financial measures may not be directly comparable to similarly titled measures of other companies.

Projected Financial Information

This presentation contains financial forecasts, which were prepared in good faith by DraftKings and SBT on a basis believed to be reasonable. Such financial forecasts have not been prepared in conformity with generally accepted accounting principles ("GAAP"). Neither DraftKings', SBT's nor DEAC's independent auditors have audited, reviewed, compiled or performed any procedures with respect to the projections for the purpose of their inclusion in this presentation, and accordingly, they have not expressed an opinion nor provided any other form of assurance with respect thereto for the purpose of this presentation. These projections are for illustrative purposes only and should not be relied upon as being necessarily indicative of future results. Certain of the above-mentioned projected information has been provided for purposes of providing comparisons with historical data. The assumptions and estimates underlying the prospective financial information are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties that could cause actual results to differ materially from those contained in the prospective financial information. Projections are inherently uncertain due to a number of factors outside of DraftKings', SBT's and DEAC's control. Accordingly, there can be no assurance that the prospective results are indicative of the future performance of DraftKings, SBT, DEAC or the combined company or that actual results will not differ materially from those presented in the prospective financial information. Inclusion of the prospective financial information in this presentation should not be regarded as a representation by any person that the results contained in the prospective financial information will be achieved.

Forward Looking Statements and Investment Considerations

Certain statements made in this presentation are "forward looking statements" within the meaning of the "safe harbor" provisions of the United States Private Securities Litigation Reform Act of 1995. When used in this presentation, the words "estimates," "projected," "expects," "anticipates," "forecasts," "plans," "intends," "believes," "seeks," "may," "will," "should," "future," "propose" and variations of these words or similar expressions (or the negative versions of such words or expressions) are intended to identify forward-looking statements. These forward-looking statements are not guarantees of future performance, conditions or results, and involve a number of known and unknown risks, uncertainties, assumptions and other important factors, many of which are outside Diamond Eagle's, DraftKings' or SBTEch's control, that could cause actual results or outcomes to differ materially from those discussed in the forward-looking statements. Important factors, among others, that may affect actual results or outcomes include the inability to complete the business combination (including due to the failure to receive required shareholder approvals, failure to receive approvals or other determinations from certain gaming regulatory authorities, or the failure of other closing conditions); the inability to recognize the anticipated benefits of the proposed business combination; the inability to obtain or maintain the listing of the New DraftKings' shares on Nasdaq following the business combination; costs related to the business combination; the risk that the business combination disrupts current plans and operations as a result of the announcement and consummation of the business combination; New DraftKings' ability to manage growth; New DraftKings' ability to execute its business plan and meet its projections; potential litigation involving Diamond Eagle, DraftKings, SBTEch, or after the closing, New DraftKings; changes in applicable laws or regulations, particularly with respect to gaming, and general economic and market conditions impacting demand for DraftKings or SBTEch products and services, and in particular economic and market conditions in the media/entertainment/gaming/software industry in the markets in which DraftKings and SBTEch operate; and other risks and uncertainties indicated from time to time in the proxy statement/prospectus relating to the business combination, including those under "Risk Factors" therein, and in Diamond Eagle's and/or New DraftKings' other filings with the SEC. None of Diamond Eagle, DraftKings or SBTEch undertakes any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.

COMPANY OVERVIEW

Solving the iGaming Geolocation Puzzle

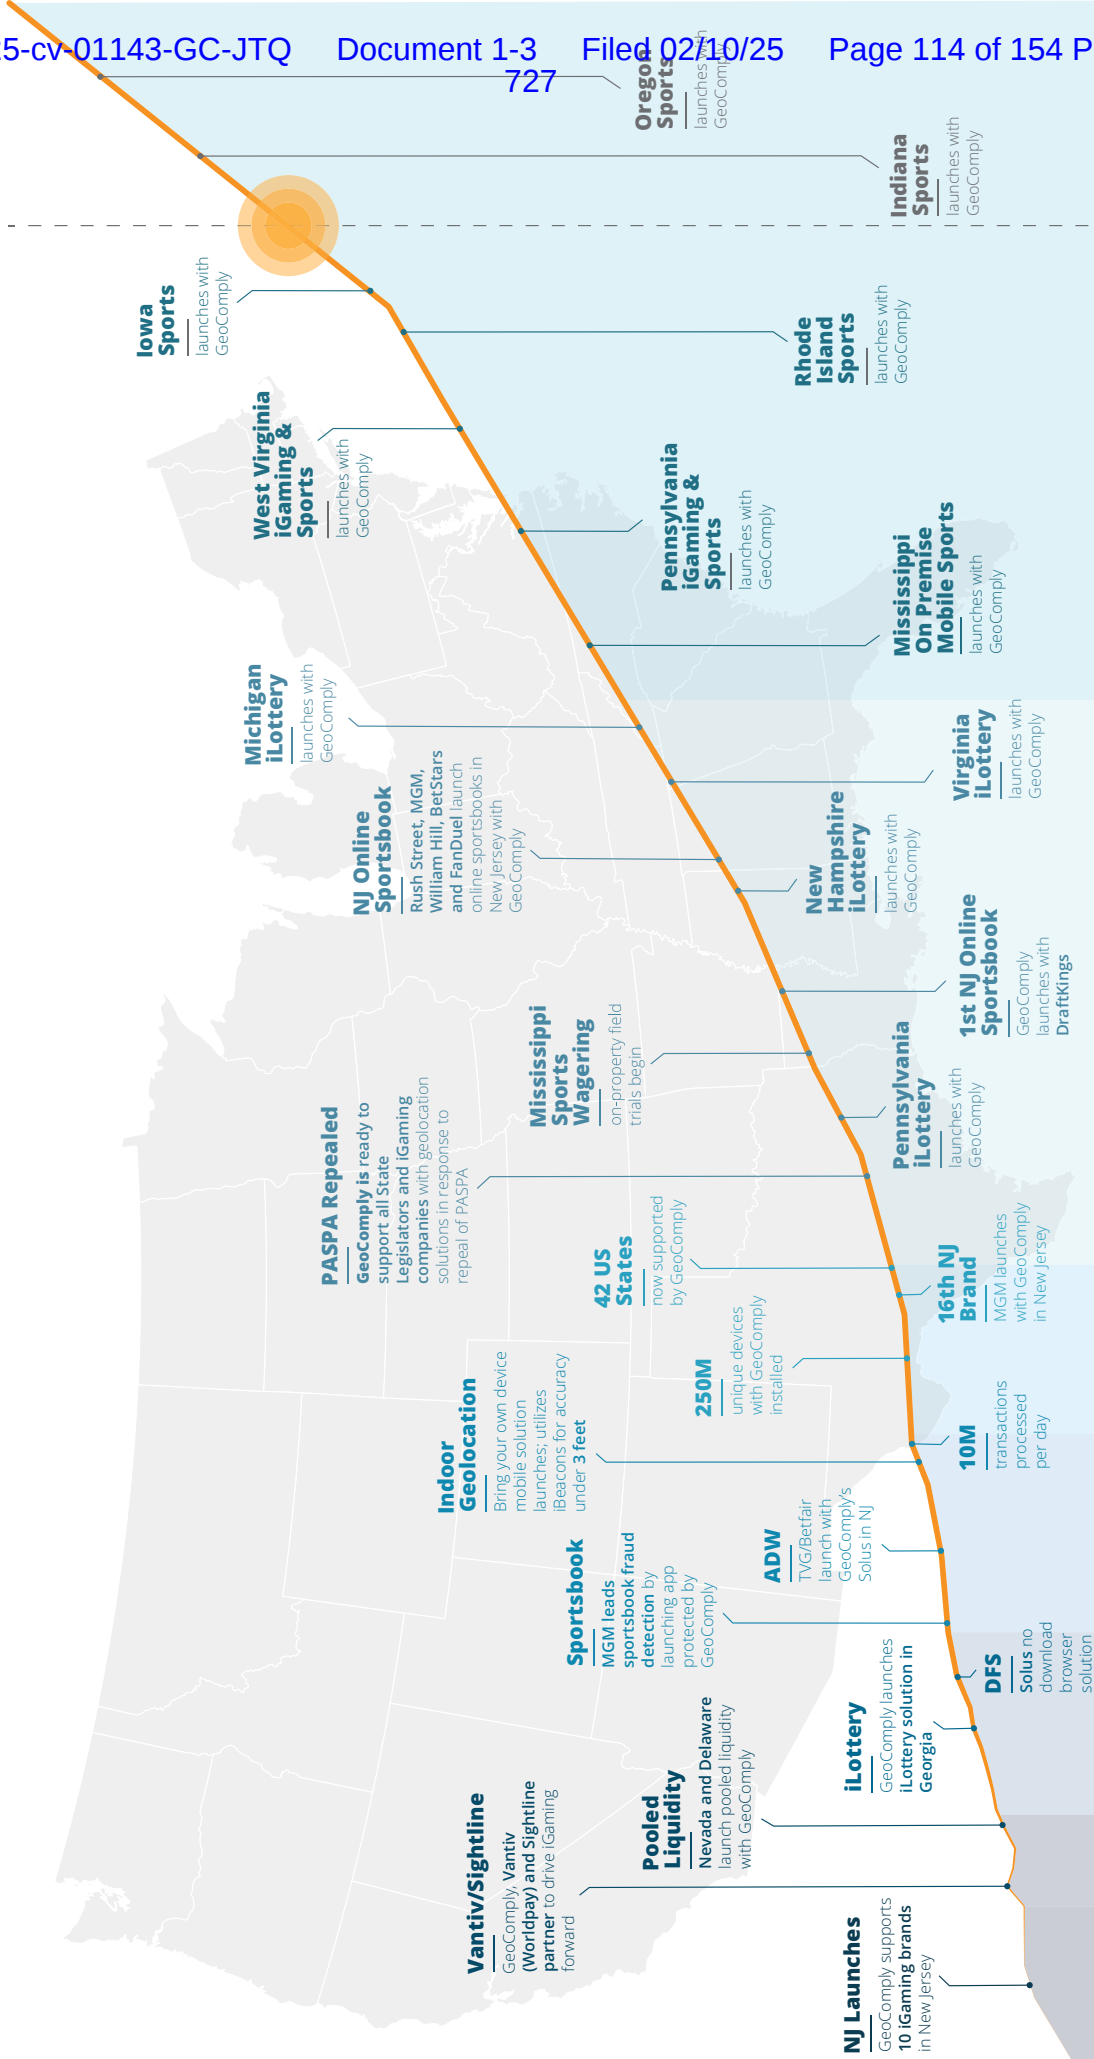

GeoComply is a global leader in geolocation compliance technology. Since launching in 2011, GeoComply has quickly become the iGaming industry's trusted solution for reliable, accurate and precise geolocation services. GeoComply's patented and proprietary geolocation solution is unparalleled in its level of accuracy and integrity, as well as in its depth of security and ease of implementation.

GeoComply's proprietary and highly adaptive technology has successfully met and exceeded all challenges put forth by North American regulators with record-high verification rates. Increasingly, GeoComply has been expanding its offering beyond its primary focus of geolocation compliance into areas such as payment and fraud analytics, and streaming media solutions.

Solving the US iGaming market's Geolocation puzzle is the challenge that inspired us to create GeoComply

GEOCOMPLY

02

WHAT THEY SAY

"GeoComply rose to the occasion and developed a system that outperformed all other geolocation suppliers."

David Rebuck, DGE Director

"Delivering a geolocation solution which is not just compliant, but also built and optimized with the player experience in mind is a critical success factor for iGaming in North America. GeoComply has always demonstrated to us that they understand that and can deliver under tight deadlines and across all platforms."

**Marco Ceccarelli, SVP & Chief Information Officer,
Caesars Interactive**

"There is no regulated online gambling industry in the US without their technology."

2015 Judges Panel, iGaming North America Awards

"GeoComply were able to cut our payment fraud costs by at least 85%. Their solution gave us access to more detail and data than we had ever had before for our eCommerce transactions. Their anti-fraud reports were literally good enough to take to the bank in order to win our chargeback disputes!"

Omer Sattar, Senior VP, Sightline Payments

03

CONSIDERATIONS

PROTECTING REGIONAL SOVEREIGNTY ONLINE

Locating online users has been one of the great successes of the Digital Economy, as Google Maps, Uber and Spotify demonstrate a billion times a day.

Faking location is another success story of the internet. Online streaming of BBC, Netflix, HBO and Premier League Football, who restrict content by region, have become victims to hundreds of million of illicit views by users effortlessly bypassing their location systems.

While the film, TV and Sports world deal with contractual issues around licensing agreements, such leakages for the gaming, sports betting and lottery industries have much higher stakes. "Side-stepping" border sovereignty rights of such regulations puts the reputation of gaming and lottery stakeholders at risk on a worldwide scale.

"Faking location on the internet takes seconds; rebuilding a shattered compliance reputation takes much longer."

IP Geolocation is the Most Common Form of Location Detection.

But Using IP as the Primary Source for Location Data has Many Issues.

OTHER COMMON FORMS OF LOCATION SPOOFING:

FALSE DATA

Traditional IP geolocation lacks accuracy and the ability to effectively locate users; with no reliable IP data at all for mobile connections. Leverage accurate data sources based on a combination of **WiFi, GPS, SSMP, Bluetooth and Mobile Device data** to locate users on all connections.

INTERNET TRAFFIC IS MOBILE

PCs HAVE BUILT-IN REMOTE ACCESS TOOLS

UNAUTHORIZED REMOTE ACCESS

Users can conceal their true location by tunneling in from a remote location. GeoComply detects the use of these remote access tools, such as **Remote Desktop Programs and Virtual Machines** down to a code level using **proprietary software** and device fingerprinting methodologies.

IP MASKING

IP location can easily be masked to hide a user's true location. GeoComply interrogates the integrity of IP data to uncover IP masking tools such as **VPNs, Proxies, DNS Proxies and Anonymizer tools**.

OF USERS SPOOF LOCATION WEEKLY

INCREASE IN "FAKE LOCATION" GOOGLE SEARCHES IN 2016

SPOOFING APPLICATIONS

Turnkey location spoofing tools, such as **FakeLocation apps, browser extensions, or cloaking tools** are readily available online and in the Mobile App Stores. GeoComply recognizes these tools in all forms to block their use.

DEVICE TAMPERING

GeoComply analyzes user location down to the device level to reveal device tampering attempts such as device **rooting, jailbreaking, or code manipulation**. A tampered device can run undetectable location spoofing software.

MOBILES ARE HACKED

BROWSERS HAVE BUILT-IN SPOOFING SETTINGS

MALICIOUS DEVELOPER TOOLS

Due to high demand to develop and test location-dependent products, developer tools are widely available to manipulate location. GeoComply recognizes the use of **MockLocation, setting simulator/simulator, developer modes, and browser settings**.

04

ABOUT THE SOLUTION

GeoComply's advanced and adaptive geolocation solutions can be uniquely tailored to match complex legal and regulatory requirements, providing regulatory officials, as well as operators, with assurance that their online gaming enterprises are fully compliant with the applicable laws and regulations.

Gain additional insight into users' patterns and processes while providing protection against brute force attacks and credential stuffing attempts. Live In-Game Bets

Live betting allows you to bet in real-time while the action is unfolding. Think the next basket will be a 3-pointer? You can bet on it. Think Kansas City will make a monster comeback? Bet on it.

Odds will be representative of the likelihood of any of those events occurring, but beware; as live odds are dynamic, they are constantly going up and down. So, if you see something juicy, make sure you take it.

HOW TO PLAY DAILY FANTASY SPORTS

Experience the [daily fantasy sweat](#) and live the vibe of victory.

What is daily fantasy sports?

Daily Fantasy Sports (DFS) mirrors season-long fantasy sports but condenses it into a shorter, more sweat-inducing format. Heart-throttling contests range from a day to a week depending on the sport. Competitors draft a player roster and those athletes earn points based on their in-game performance. Sweat the sweat each and every play. Test your skills with friends or with other fans nationally and let victory chase you for a change.

DraftKings DFS is legal in most US states. Check out [where DraftKings DFS is legal](#).

How to Play

Pick a Contest

Browse the lobby to choose from a wide range of contests across all different sports. A contest is the specific competition you and your lineup will be competing in against other players for prizes. Generally a contest is for a specific real life game or set of games. You can sort by total prizes, contest type, sport, and more to find the perfect contest for you.

Draft a Lineup

Once decided on a contest, next you'll want to draft a lineup of real players competing in the chosen games. In our salary cap contests, you're given a fictional \$50,000 as a salary cap to spend on your team. Each eligible player is assigned a salary. Create your lineup by selecting players listed in the Player Pool. Once you've filled all positions in your lineup (unique to each sport) while staying under your \$50,000 salary cap, you can submit your lineup into the contest.

Sweat the Sweat

Watch your players accumulate points based on their performance in actual games. Track your

Sweat the Sweat

Watch your players accumulate points based on their performance in actual games. Track your team online or on your mobile device in our app and see your players earn points in real time.

Check Results

Check the standings when the last game is over and bask in your drafting genius. If you've won or placed into a paying position in a contest, the amount you've won, as determined by the prize structure of that contest, will be credited to your DraftKings account as soon as the contest ends. You can use your winnings to play even more contests or you can withdraw.

Contest Types

Single Stat

Draft any three players to your roster and compete to see who can get the most of a single stat category. No need to worry about fantasy points and salary caps.

Casual

Open to players who have over 50 contests under their belt but haven't earned an experience badge.

Head-to-Head

Face-off against a single opponent. Score higher and bring home the win.

In-Game Showdowns

Fantasy contests for just the second half and overtime (if it happens) of a single game. Pick the players you think will crush it in the clutch.

Beginner Contests

Know exactly who you're playing. Players will have different badges throughout the site that signify experience level. These badges signify contest entry milestones for highly-experienced players. Anyone with an Experience Badge is ineligible for Beginner or Casual contests. However, if a player earns a badge after contest entry, they will remain in the contest. For more information, click below to check out our badges page.

How do I upload or edit multiple lineups at once? (US)

Important Information regarding CSV files

- The CSV upload option is only available for desktop devices.
- You cannot exceed 500 lineups in a single CSV file.
- Each file you upload must contain players from only one template.

Uploading lineups with CSV files

Manually entering 150 lineups into a contest one by one is time consuming and prone to errors, which is why we offer the ability to upload lineups in a CSV ([Comma-Separated Values](#)) document.

This "power user" feature designed for active Daily Fantasy players allows you to compile all of your lineups in a spreadsheet, export the file as .CSV, and then upload all of the lineups at the same time using a web browser on your desktop device.

Learn how to upload mass lineups or edit mass lineups by following the guides below:

How do I mass upload lineups?

1. Select the Lineups tab in the Daily Fantasy lobby, or visit <https://www.draftkings.com/lineup>
2. Click the 'Upload Lineups' button
3. Under the **Download Template** column, select a sport, contest format, and start time.
4. Click the button to download the CSV template
5. Open the CSV template file in a spreadsheet application such as [Google Sheets](#), [Microsoft Excel](#), or [Apple Numbers](#).
6. Fill out the template with your lineups. Please note that you cannot exceed 500 lineups in a single CSV file, and each file you upload must contain players from only one template
7. Export the spreadsheet file as .CSV to your computer.
8. Upload the saved file by clicking the Upload CSV button.
9. Once the uploaded lineups are processed, a notice will appear to inform you that your uploaded lineups will be compatible with contests for the selected sports, and the start time for Draft Group.

How do I bulk edit my lineups by uploading a CSV file?

You can edit existing lineups by uploading changes to the CSV file. For fastest processing, only include entries that have been changed in your file.

1. From the [My Lineups](#) page, select 'Edit Entries'

Yes! The real fun starts when the contest begins. Watch your Fantasy Points accrue in real-time while sweating the games, the standings in the GameCenter will display your current share of the prize pool.

- **Important Note:** Live scoring updates are strictly for the enjoyment of DraftKings players. The official scoring validation process begins once all games within the contest are final. This process ensures that DraftKings scoring matches official stat providers when contest results are finalized and paid out. DraftKings does not make judgments on scoring rulings.

What are Guaranteed Contests?

Guaranteed contests will run (with prizes unchanged) even if they don't reach capacity before the contest start time. Non-guaranteed contests that do not reach capacity by contest lock time may be merged with other similar unfilled contests or may be canceled and entry fees refunded.

The entry fee and prize pool for a contest will not change once the contest is created. Therefore, each contest has a maximum amount of total entries accepted. Contests that have yet to reach capacity will be available for entry up until the contest lock time.

Sports betting comes in many different shapes and sizes. At its core, sports betting is putting money behind an outcome of your choice and getting paid if that outcome is achieved. If a bet is on the winner of a game, that is called a moneyline bet. If you're betting that a team will win or lose by a certain amount of points, that is called a spread bet. If you combine multiple outcomes into one bet, that is called a parlay.

Moneylines, spreads, and parlays are the most common bets to choose from, but there are also prop bets which allow you to have a vested interest in more specific outcomes, like how many points a certain player will score. The world of sports betting is vast, and there's something for just about anyone.
